2 My reward — Pick one

- ◯ A trip to the park
- ◯ Bake something together
- ◯ Stay up 15 minutes later
- ◯ Choose what's for dinner
- ◯ My idea: _____

My reward costs $_____ pretend dollars

3 My bank book — Write it down every time

Date	What happened	Earned +	Spent –	Total saved
	My bank starts at			$0

4 Watch it grow — Color a lily pad for every $1 you save

Put a star on the lily pad that matches your reward's cost. When you reach it, trade your dollars for the reward!

$1 $2 $3 $4 $5 $6 $7 $8 $9 $10

$11 $12 $13 $14 $15 $16 $17 $18 $19 $20

For grown-ups: These are pretend dollars, so no real money changes hands. Agree on what each job earns and pick a reward together. When your child's total reaches the star, swap the dollars for the reward and start a new goal.
